De-hi-haw o tango Re-cal her ca-lar pa-go do-tango

Love her Mo-ther Earth All the things she does with such de-light
 Cut & grind the wheat Se-pa-rate each sin-gle grain of corn
 Cut the sweet cane down From the dus-ty earth har-vest and reap
 (add top soprano)

For har-du-tango not a-gre-do-pao

Know when she tells you her sea-son is right
 And with the rain we'll have a mi-ra-cle born
 Take from the heart its' sweet ho-ney so deep
